MENTORSHIP SESSIONS FOR ANVESANA STARTUPS

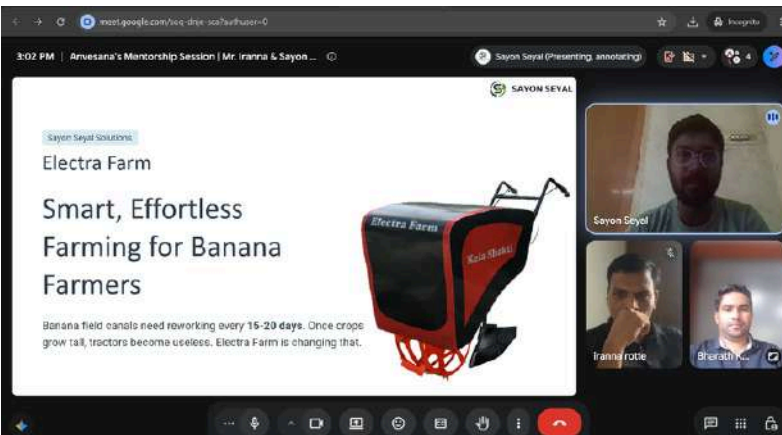

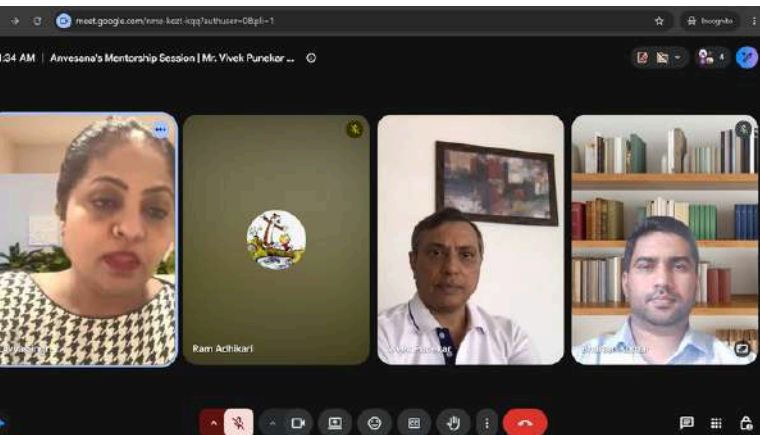

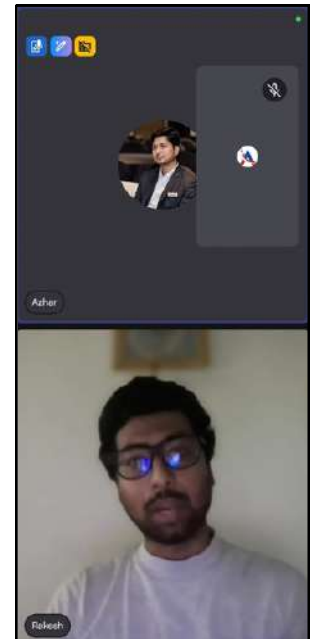

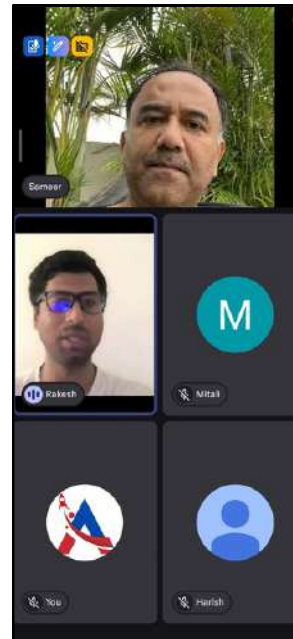

5:15 PM | Anvesana's Mentorship Session | Mr. Azhar & Loeirc ...

Loirc Vents (Presenting, annotating)

4

As part of Anvesana TBI's ongoing mentorship programme, multiple one-on-one mentoring sessions were conducted for portfolio startups during September. Mentors including Sameer Prabhudesai, Vivek Puneekar, Azhar, and Irranna engaged with startups such as Beeuty, Cognitva AI, Loirc Vents Pvt. Ltd., and Sayon Seyal, providing focused guidance on their respective business challenges, growth strategies, market opportunities, and areas requiring further development.

»»» MONTHLY FOUNDERS CONNECT

Founders Connect at Anvesana provides a space for startup founders to share experiences, learn from peers, and gain clarity through open dialogue. Continuing its emphasis on collaborative learning, incubated startups shared their progress, discussed business challenges, and learned from one another’s experiences. The interactions also enabled the incubation team to provide tailored guidance and facilitate meaningful ecosystem connections.

ANVESANA INCUBATED STARTUPS - COHORT 3

»» AWARENESS SESSIONS ON INNOVATION & ENTREPRENEURSHIP

During September, Anvesana TBI conducted a series of Awareness Sessions on Innovation and Entrepreneurship for students across PES institutions. The sessions reached 219 students from Polytechnic, M.Com, and Computer Science backgrounds, introducing them to entrepreneurial thinking, innovation, problem identification, startup opportunities, and the process of transforming ideas into impactful ventures. The sessions encouraged students to look beyond conventional career pathways and explore entrepreneurship as an avenue for creating solutions and value.

»» YUVA TALK: SOFT SKILLS FOR YOUR CAREER

Anvesana TBI conducted a Yuva Talk session for Polytechnic students, focusing on how to effectively prepare for and perform in job interviews. The session covered interview preparation, effective communication, common interview questions, body language, confidence building, and practical tips to help students approach interviews with greater clarity and confidence and present themselves effectively to potential employers.

»»» SESSION ON FULL-STACK DEVELOPMENT

A session on Full-Stack Development was conducted for final-year Computer Science students of PES Polytechnic by Mrs. Rashmi and Mr. Suhas, backend developers at an Anvesana-incubated startup. The session introduced students to key aspects of full-stack development, including front-end and back-end technologies, databases, APIs, and career opportunities in the field. The session provided students with practical insights into building end-to-end software applications and understanding the technologies involved in their development.

SMART INDIA HACKATHON

The Anvesana TBI team served as external evaluators for the Internal Smart India Hackathon at Jawaharlal Nehru New College of Engineering (JNNCE), Shivamogga.

The team evaluated student teams based on their understanding of the problem, innovation, solution approach, feasibility, and potential impact. The team also engaged with students, encouraging them to strengthen their ideas through a practical, problem-solving approach.

SEPTEMBER HIGHLIGHTS: SAMPARKISU'S MILESTONES IN KANNADA LEARNING

September was a month of significant achievements and new partnerships for "Samparkisu" the startup behind Padakattu, its interactive Kannada learning platform. The startup received the Bronze Award in the Scale-Up category at the Ubuntu Star Awards, showcased Padakattu at Mangaluru Technovanza, and initiated a collaboration with GSK (Glaxo) to facilitate

Kannada learning for its employees. Another key milestone was the inauguration of the Kannada Language Lab at Madivala School by Hon'ble Forest Minister Shri Ramalinga Reddy. These developments reflect Samparkisu's continued efforts to make Kannada learning more interactive, accessible, and engaging across educational and corporate settings.
