3:10 PM | Anvesana TBI Knowledge Series: The Hidden Roadbl... | Pranav Bhat (Presenting, annotating)

NAVIGATING PAPER WORKS

Adv. Pranav Bhat (B.E., LL.B., Patent Agent)
IP Strategist and Corporate Attorney, Lextria Research

Anvesana TBI hosted a Knowledge Series session, "The Hidden Roadblocks to Raising Funds," led by Adv. Pranav Bhat of Lextria Research. The session equipped early-stage startups with practical insights on legal preparedness, compliance, fundraising structures, valuation, dilution, investor rights, and IP protection. The interactive discussion highlighted the importance of clear documentation and addressing legal roadblocks before approaching investors.

>>> AUGUST MENTORSHIP PROGRAMME: ENABLING STARTUP GROWTH THROUGH EXPERT GUIDANCE

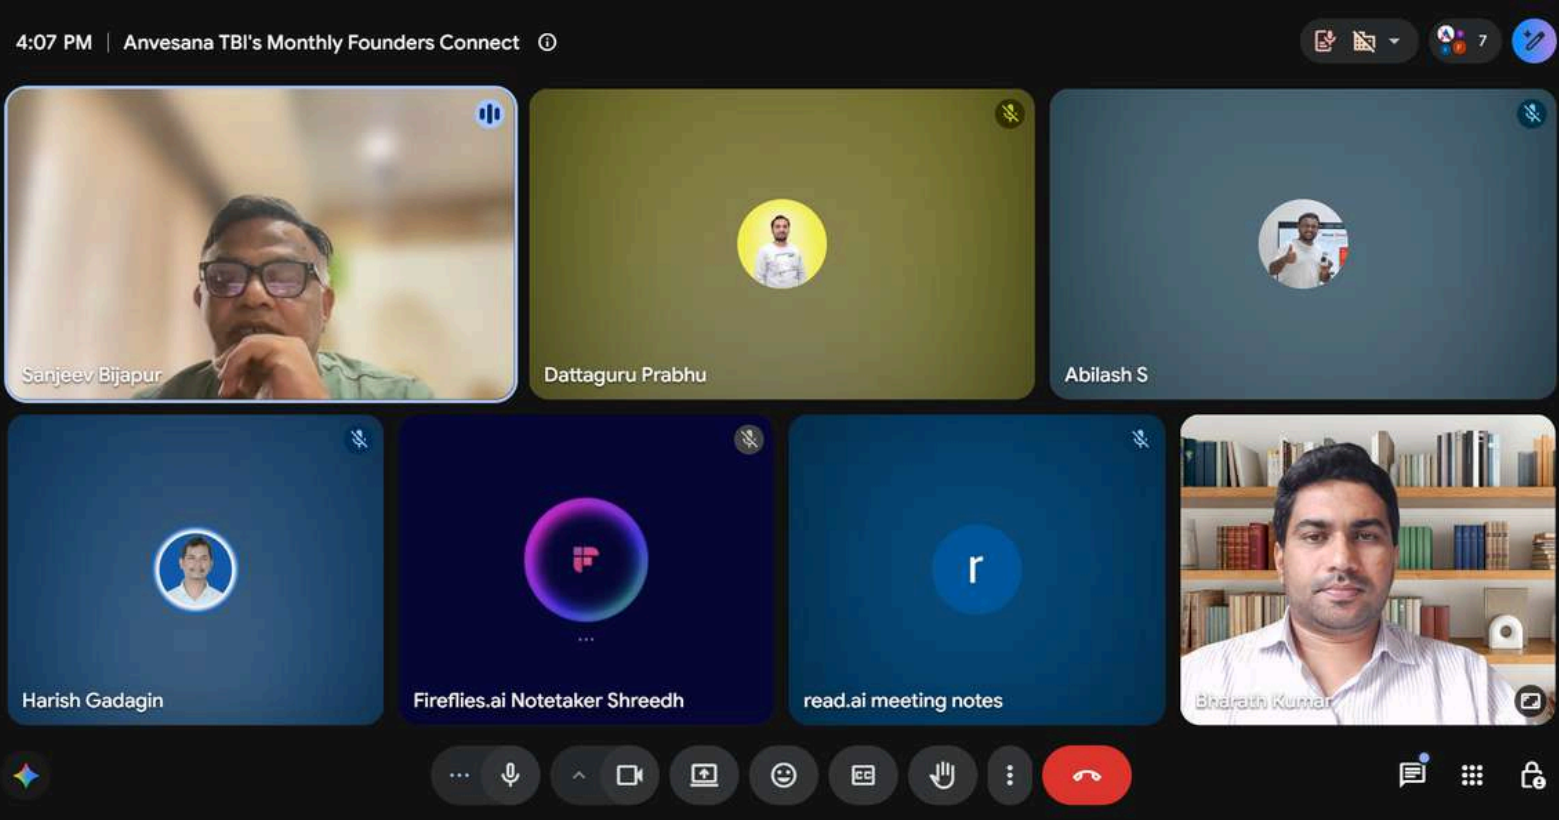

During August, Anvesana continued its focused mentorship engagement with startups, offering strategic guidance on business, product, and growth challenges. TezHealth, Scalion Commerce, Altio AI, and Loierc Vents engaged with experienced mentors on areas

including GTM, B2B partnerships, investment readiness, enterprise positioning, pricing, product-market fit, validation, sales, and organisational growth. The sessions provided actionable insights and strategic direction to strengthen businesses and accelerate growth.

>>> MONTHLY FOUNDERS CONNECT

Founders Connect at Anvesana is a space for startup founders to share experiences, learn from peers, and gain clarity through open dialogue. Continuing its emphasis on collaborative learning, the incubated startups shared progress, discussed business challenges and learned from one another's experiences. The interactions also enabled the incubation team to provide tailored guidance and facilitate meaningful ecosystem connections.

ANVESANA INCUBATED STARTUPS - COHORT 3

»» LEAN START-UP & MVP BOOT CAMP

The Department of Mechanical Engineering, PESITM, in collaboration with Anvesana TBI, conducted a Lean Start-up & MVP Boot Camp to help final-year students transform academic projects and PoCs into user-centric, validated MVPs. The boot camp covered customer discovery, problem validation, value proposition, ideation, prototyping, and MVP development. Students pitched their solutions before a jury, with outstanding projects recognised through Best MVP, Best Innovation, and Best Innovative Project awards, followed by a valedictory ceremony.

YUVA TALK: INSPIRING THE NEXT GENERATION OF ENTREPRENEURS

On World Entrepreneurs' Day, PES PUC, in collaboration with Anvesana TBI, organised an engaging Yuva Talk featuring Mr. Gowrav Bhargav, Founder of SGB Agro Industries Pvt. Ltd.

The session introduced students to entrepreneurship, innovation, and developing an entrepreneurial mindset. Through his experiences, Mr. Gowrav encouraged students to explore opportunities, embrace challenges, and transform ideas into meaningful ventures through learning, experimentation, and perseverance.

»» AWARENESS SESSION ON INNOVATION & ENTREPRENEURSHIP

An awareness session on Innovation and Entrepreneurship was conducted for first-year engineering students at PESITM, introducing them to the concepts of innovation, entrepreneurship, and opportunities within the entrepreneurial ecosystem. The session encouraged students to identify real-world problems, think creatively, and develop an entrepreneurial mindset. It also encouraged them to explore ways of transforming ideas and projects into meaningful innovations while considering entrepreneurship as a potential career pathway.

»»» SESSION ON THE ITERATIVE PROCESS OF LOW-FIDELITY PROTOTYPING

As part of the ACT Cohort, an online session on the Iterative Process of Low-Fidelity Prototyping (LFP) through 3D Printing Technology was conducted to introduce students to rapid prototyping and the iterative process of developing ideas. The session highlighted how concepts can be transformed into prototypes, tested, evaluated, and refined through multiple iterations.

A total of 18 students actively participated and gained insights into LFP techniques, 3D printing fundamentals, prototype development, and design iteration.

The session also emphasised the importance of testing ideas, learning from feedback, and continuously improving solutions throughout the product development journey.
