▶▶▶ ANVESANA STARTUPS SHOWCASES THEIR PRODUCT AT TIE GLOBAL SUMMIT 2024

The TiE Global Summit 2024 emerged as a landmark event, uniting entrepreneurial minds from across the globe to celebrate innovation, growth, and collaboration. Hosted in an inspiring environment, the summit provided a unique platform for startups, industry leaders, investors, and thought leaders to come together and explore cutting-edge solutions for the world’s pressing challenges. The event was a testament to the transformative power of entrepreneurship and its ability to drive economic and social progress.

Among the many remarkable participants were our startups, Oneshell and SafeCloak, which made a lasting impact with their innovative products and ideas. Oneshell showcased its groundbreaking solutions designed to simplify processes and empower users with efficiency, while SafeCloak highlighted its state-of-the-art offerings in safety and security, resonating deeply with attendees. Their presentations not only captivated audiences but also underscored the importance of creativity and resilience in the startup ecosystem.

The Anvesana team had the privilege of engaging with the esteemed Dr. A. Velumani, founder of Thyrocare, during the TiE Global Summit 2024. His invaluable insights into entrepreneurship and innovation left a lasting impression, inspiring us to aim higher and think bigger in our journey.

RECOGNITION AT THE TiE GLOBAL SUMMIT: A MILESTONE FOR ONESHELL AND SAFECLOAK

A standout moment at the TiE Global Summit 2024 was the well-deserved recognition earned by our startups, Oneshell and SafeCloak, from prominent industry leaders. Their innovative solutions captivated the attention of influential figures in the entrepreneurial community, showcasing their ability to address critical challenges with creativity and ingenuity.

One of the most notable acknowledgments came from Mr. Pranav, a highly respected voice in the entrepreneurial ecosystem. He expressed his admiration for the groundbreaking potential of Oneshell and SafeCloak, praising their vision and innovative approach to problem-solving. His endorsement not only validates the hard work and dedication of these startups but also serves as a testament to their growing relevance and impact within the global market.

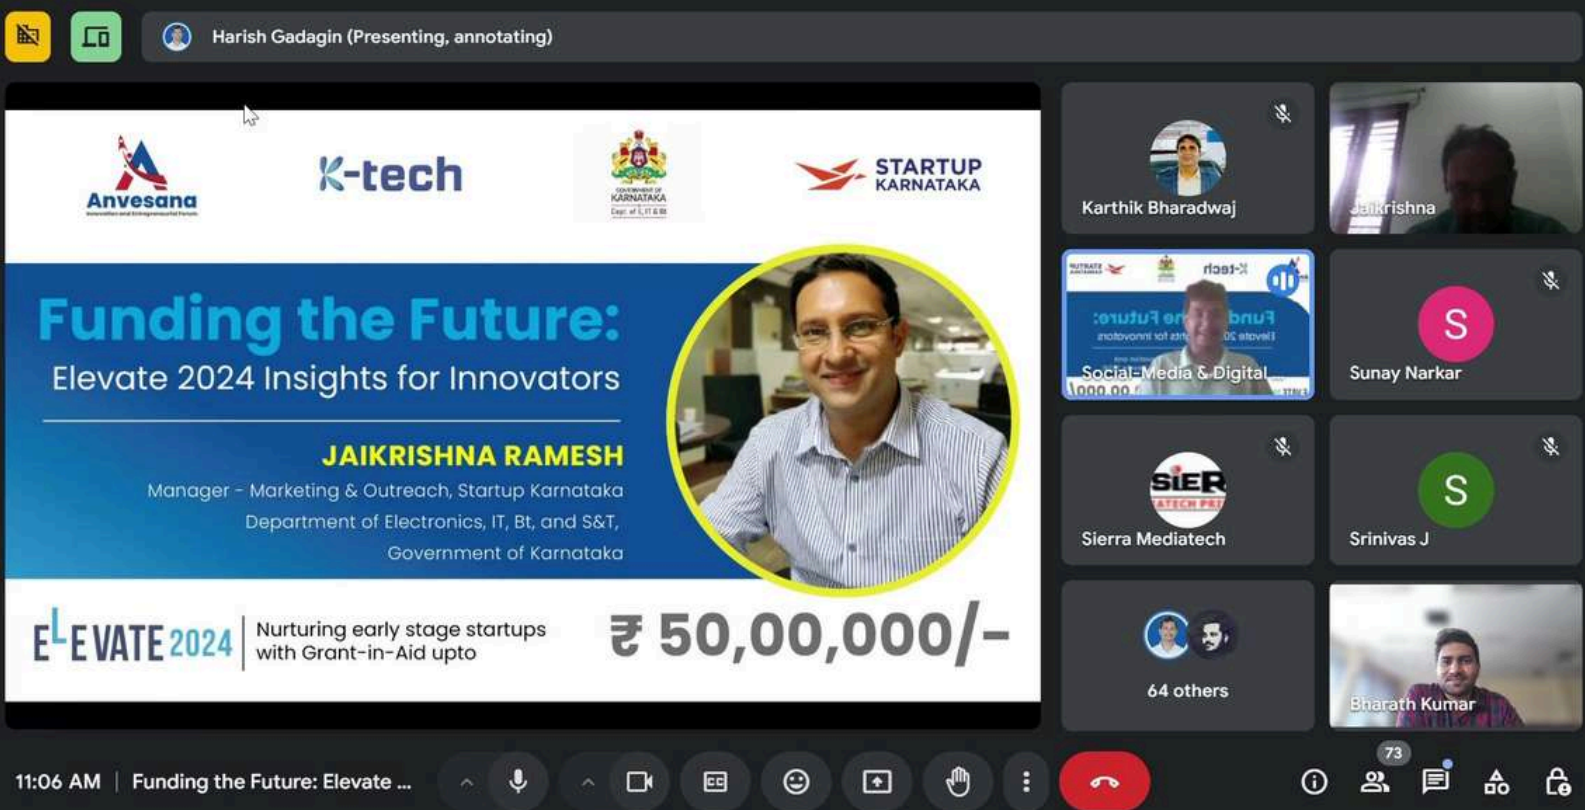

This recognition is a significant milestone for Oneshell and SafeCloak, reflecting their relentless pursuit of excellence and their commitment to making a meaningful difference. By standing out on such a prestigious platform, these startups have demonstrated that they are not just participants in the entrepreneurial ecosystem but true trailblazers poised to shape the future of innovation.

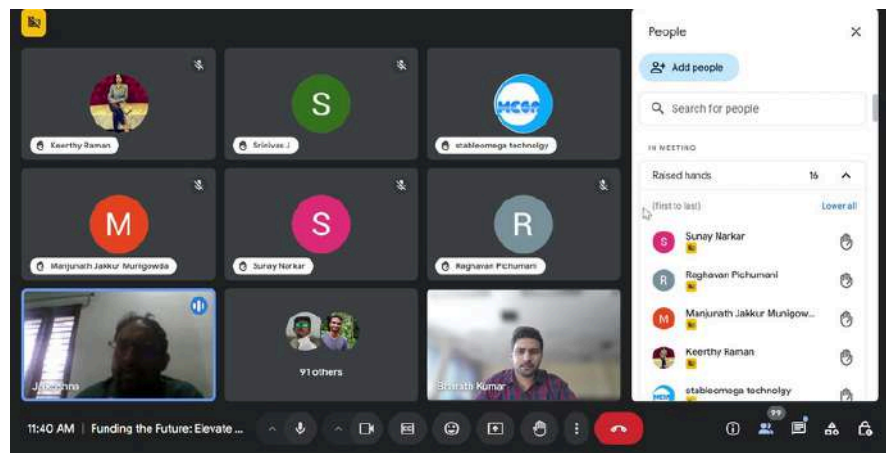

»»» FUNDING THE FUTURE: ELEVATE 2024 INSIGHTS FOR INNOVATORS

The session brought together 230 startups for an inspiring exchange of ideas and opportunities. With expert insights from Mr. Jaikrishna from Startup Karnataka and impactful stories from our incubated startups who won Elevate grant in last year.

We recently hosted an inspiring session, Funding the Future: Elevate 2024 Insights for Innovators, bringing together ambitious Elevate grant aspirants. The event featured invaluable guidance from Mr. Jaikrishna, Manager-Marketing and Outreach at Startup Karnataka, Department of IT, BT, and S&T, Government of Karnataka. His expert insights offered participants a comprehensive understanding of the grant application process and strategies for success.

The session also highlighted the transformative journeys of our incubated startups, showcasing how Anvesana has been instrumental in their growth. With an incredible turnout of 230 startups, the event buzzed with innovation and enthusiasm. While 99 startups participated through an online meet platform, others actively participated and attended a session in YouTube live, This session was more

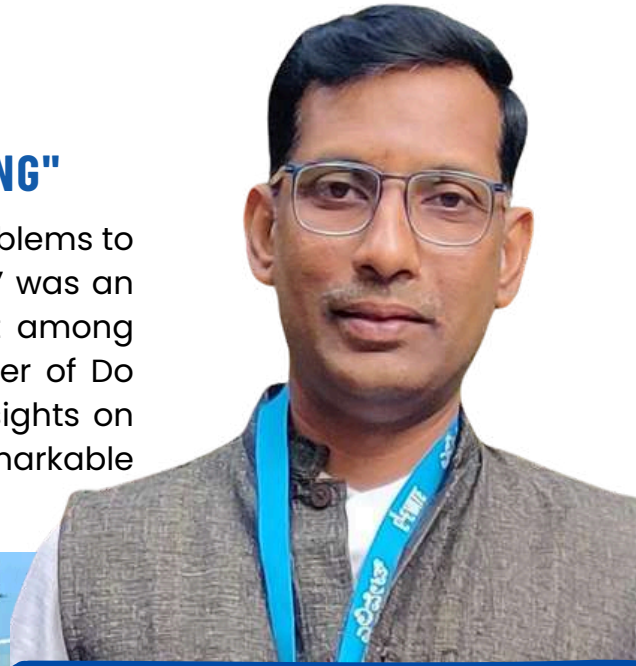

than just a knowledge-sharing and rest of them it was a celebration of innovation, collaboration, and the entrepreneurial spirit. By bridging the gap between opportunity and potential, Funding the Future reaffirmed our mission to elevate startups and drive impactful change in the ecosystem.

>>> 15TH YUVA TALK

**"FROM PROBLEMS TO POSSIBILITIES:
THE ART OF CONCEPTUALIZING AND INNOVATING"**

The 15th edition of Anvesana’s Yuva Talk, titled “From Problems to Possibilities: The Art of Conceptualizing and Innovating,” was an inspiring session that ignited the entrepreneurial spirit among our students. Our guest speaker, Mr. Venkatesh, Founder of Do Minds Design Lab, captivated the audience with his insights on transforming ideas into impactful solutions and his remarkable journey as an entrepreneur.

MR. VENKATESH D
FOUNDER, DO MINDS DESIGN LAB

The session delved into key aspects of innovation, including identifying problems, crafting unique value propositions, and fostering a resilient entrepreneurial mindset. Students engaged actively throughout, gaining valuable perspectives on navigating challenges and unlocking their creative potential. Mr. Venkatesh’s experience in delivering cutting-edge design solutions served as a powerful example of how innovative thinking can lead to transformative ventures.

>>> AWARENESS SESSION ON INNOVATION AND ENTREPRENEURSHIP AT PESITM

We recently conducted an inspiring awareness session on innovation and entrepreneurship for first-year students at PESITM, aimed at sparking their entrepreneurial curiosity. The session featured an insightful presentation on the importance of innovation in the current business world, highlighting how creative thinking and problem-solving can lead to impactful solutions. Alongside this, we shared motivating case studies of successful entrepreneurs, illustrating both the challenges and achievements that shaped their journeys.

During the session, we also introduced Anvesana and its mission to foster entrepreneurial talent. We outlined the resources, mentorship, and support available through our programs, designed to help young innovators bring their ideas to life. Students were highly engaged, asking insightful questions and contributing to discussions, creating an atmosphere of active learning and collaboration.

The session concluded with an inspiring call to action, urging students to explore their entrepreneurial ideas and consider the exciting opportunities ahead. We are excited about the continued engagement with PESITM students and look forward to supporting their entrepreneurial endeavors in the future!

DESIGN THINKING WORKSHOP

Anvesana TBI recently conducted an Design Thinking Workshop for PESTITM and PESIAMS students, designed to explore key phases of the Design Thinking process. The session began with a team-building activity, the Self-Balancing Balloon Tower challenge, which encouraged collaboration and creativity, setting the stage for the main workshop.

Students then explored the five phases of Design Thinking: Empathize, where they learned to understand user needs; Define, where they framed clear problem statements; Ideate, which encouraged brainstorming and creative thinking; Prototype, where students built tangible models of their ideas; and Test, which focused on refining solutions based on feedback.

AWARENESS SESSION ON INNOVATION AND ENTREPRENEURSHIP FOR STUDENTS OF GOVERNMENT SCHOOL & P U COLLEGE, THIRTHAHALLI

Anvesana recently hosted an Awareness Session on Innovation and Entrepreneurship for Government PU College students in Thirthahalli, introducing them to the startup ecosystem and Malnad's entrepreneurial culture. The session highlighted inspiring success stories from local startups, with the ACT Cohort sharing their journeys and emphasizing perseverance and creative thinking in overcoming challenges and achieving success.

Dr. Prasanna Kumar inspired students with insights on post-grade opportunities, urging them to align their skills with careers in technology and entrepreneurship. His motivating words sparked excitement and encouraged students to explore various avenues for growth, leaving them energized and with a renewed perspective on how they can shape their futures through innovation and startups.

INSPIRING INNOVATION AT JNNCE: IDEA PITCHING EVENT HIGHLIGHTS

Idea Pitching Event was recently conducted at JNNCE and organized by the Centre of Innovation and Entrepreneurship. The event provided a dynamic platform for students to present their groundbreaking ideas, showcasing their creativity, problem-solving abilities, and entrepreneurial spirit.

The event featured a diverse range of innovative ideas aimed at solving real-world problems across various sectors, including technology, sustainability, and healthcare. Students passionately presented their solutions, addressing pressing challenges with fresh perspectives and innovative thinking.

Harish and Bharath from Anvesana served as esteemed members of the jury panel, bringing their expertise to evaluate the pitches based on key parameters such as originality, feasibility, market potential, and impact. Their valuable insights and constructive feedback provided students with a clearer understanding of how to refine their ideas and make them market-ready.

Beyond the competition, the event fostered an environment of collaboration, learning, and mentorship, allowing participants to network with industry experts and gain exposure to real-world entrepreneurial scenarios.

The success of the event reflects the growing spirit of entrepreneurship at JNNCE and highlights the important role academic institutions play in nurturing future innovators and changemakers.

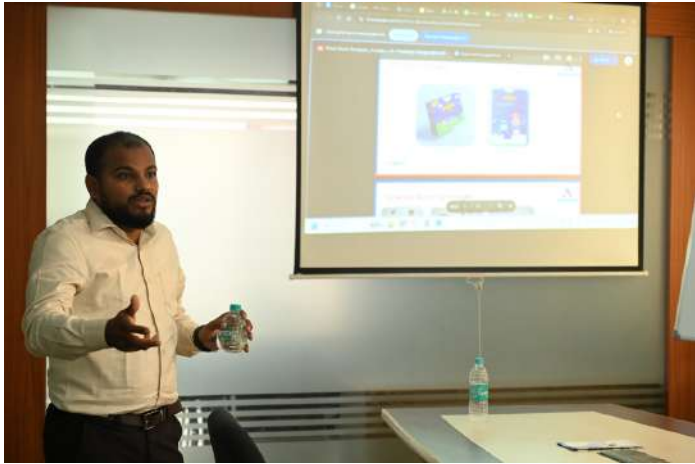

➤➤➤ 2ND COHORT OF VRIDHI STARTUP INCUBATION PROGRAM UNDERWAY!

This year, we've received an impressive array of innovative startup ideas, each with the potential to make a significant impact in their respective industries. Our dedicated jury panel is diligently evaluating these promising entrepreneurs to identify the best candidates for our program.

The second set of startups was evaluated this month, and we are excited to continue the process of selecting and onboarding innovative startups in the coming month. We look forward to expanding our ecosystem and supporting the next wave of visionary entrepreneurs.

Anvesana-incubated startup Unriddle Technologies Pvt. Ltd. is proud to announce the launch of its innovative health products at Sarji Hospitals, marking a significant step in revolutionizing healthcare delivery. Known for their commitment to enhancing patient care and operational efficiency, Unriddle's solutions are designed to address critical healthcare challenges with advanced technology and user-centric design.

Through Anvesana TBI's strong market connections and strategic mentorship, Unriddle Technologies successfully secured its first institutional customer and achieved an important sales milestone, generating revenue and building trust in their innovative offerings. This partnership with Sarji Hospitals highlights Unriddle's dedication to improving healthcare outcomes while underscoring Anvesana's pivotal role in empowering startups to create meaningful market impact.

MENTORING SESSION FOR EXPERIMIND LABS BY MR. B GOPALAKRISHNAN

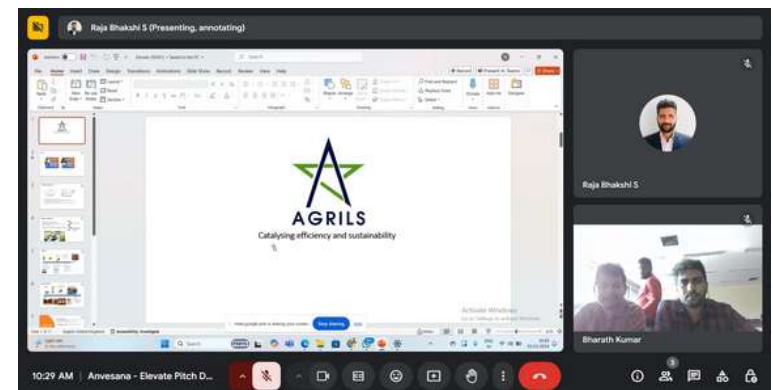

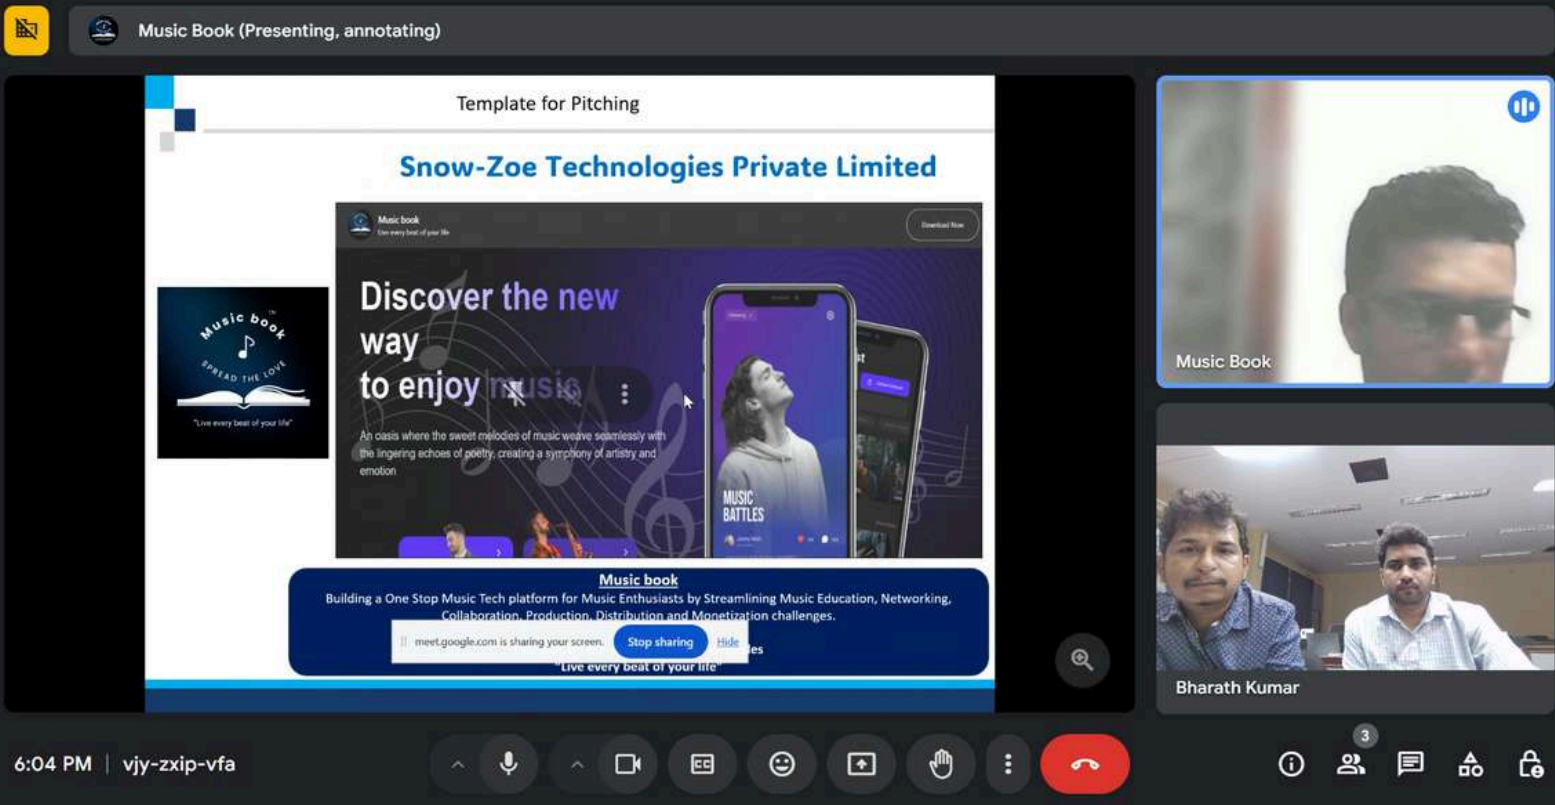

A valuable mentor session was recently arranged for Experimind Labs, where Mr. Akshay, Founder & CEO, had the opportunity to gain key insights from Mr. B. Gopalakrishnan. The session provided valuable guidance on strategic growth, innovation, and overcoming challenges in the startup journey.

Mr. Gopalakrishnan's extensive experience and wisdom offered Experimind Labs fresh perspectives, helping them refine their business approach and sharpen their focus on scaling their venture. This mentorship session marked a significant step in the continued growth of Experimind Labs.

▶▶▶ ANVESANA AIMS TO MAKE ANOTHER EXEMPLARY ACHIEVEMENT THROUGH ELEVATE 100 GRANT; PITCH DECK REVIEW FOR ASPIRANTS UNDERWAY

Anvesana recently conducted an online Pitch Deck review for our 2nd cohort startups applying for the Elevate 2024 grants, with Harish and Bharath leading the session. This review aimed to fine-tune the pitch decks of our startups, ensuring they are well-prepared to make a strong impression and secure funding.

Building on the success of last year, where Experimind Labs, OneShell, Kakud Post Harvest and Symgrow Technologies, all of which are Anvesana-incubated startups, emerged as Elevate 100 winners, we are determined to replicate that achievement for our current cohort. Last year's winners, shared their valuable pitching insights with aspiring entrepreneurs, focusing on the importance of clear communication, storytelling, and demonstrating impact. With these learning in mind, we're excited to guide our startups towards success in Elevate 2024 and help them secure funding to fuel their growth.

>>> INVESTOR CONNECT AT ANVESANA

We are thrilled to share that our incubated startups had an incredible opportunity to pitch their ideas to a distinguished panel of investors. The session was graced by Mr. Sameer, Senior Director, Engineering, Security Business Group at Cisco, and Mr. Dattatreya Krishna, Investment Advisor. Along with them, we had influential industry leaders like Mr. Vinay from Kakud, Mr. Vishwa from Farmland, Mr. Gowrav from SGB Private Limited, and Mr. Rajabhakshi from AGRILS AG TECH PVT LTD, as well as Mr. Mohammed Rafiq.

DISCUSSION WITH MR. PADMA PRASAD S ON CYBERSECURITY

The Anvesana team recently had an insightful discussion with Mr. Padma Prasad S, Head of Strategy & Partnership at Cyberverse Foundation, focused on the cybersecurity space. The meeting explored opportunities to support our startups with valuable security inputs and resource sharing to strengthen their digital infrastructure. With Cyberverse Foundation’s expertise, our startups will benefit from enhanced cybersecurity practices, ensuring they are better equipped to safeguard their data and operations as they scale. This collaboration marks a significant step towards fostering secure and resilient startup ecosystems.

REWISEWELL STARTUP : HOSTS VOCABULARY ACTIVITY: A STATEWIDE SUCCESS

We are excited to share that Revise Well, one of our incubated startups, recently organized a Vocabulary Enhancement Activity for students across Karnataka, including enthusiastic participants from PES School. The event was designed to inspire learning and promote language development, providing students with an engaging platform to enhance their vocabulary and communication skills.

Students from various schools participated eagerly, showcasing their linguistic creativity and knowledge. The event concluded with a prize distribution ceremony, where medals and prizes were awarded to the winners for their remarkable achievements.

ANVESANA: KNOWLEDGE PARTNER AT GM UNIVERSITY HACKATHON

Anvesana TBI had the honor of being the knowledge partner at the recently held Hackathon event at GM University, Davanagere.

Our team played a pivotal role in supporting the participants throughout the event, offering guidance on refining their ideas and solutions. We helped participants fine-tune their projects, ensuring they not only met technical requirements but also had a real-world impact. Anvesana’s mentors shared their expertise in various domains, from technology and business strategy to market viability and customer engagement, helping participants elevate their solutions to the next level.

In addition to providing mentorship, Anvesana is proud to offer internship opportunities to the most promising individuals who showcased exceptional talent during the hackathon.

➤➤➤ HARISH GADAGIN AS CHIEF GUEST AT BANGALORE INNOVATION FAIR

our Chief Operating Officer, Mr. Harish Gadagin, was invited as the chief guest at the Innovation Fair: Inspire & Innovate, held at the Govt. Higher Primary School, Hanumanthappa Layout, Bengaluru. This exciting event brought together over 30 innovative projects from students in Classes 6th to 10th, showcasing their brilliant ideas in a wide range of categories, including: Scientific and Technological Innovations, Environmental Sustainability, Social Impact Initiatives, Creative Art and Design .

A panel of esteemed educators and industry experts, including Mr. Gadagin, evaluated the projects on criteria such as originality, creativity, feasibility, impact, and presentation. The students' projects not only displayed their deep understanding of various challenges but also highlighted their ability to come up with innovative solutions.

The fair was a true celebration of young talent, fostering a spirit of creativity and problem-solving among the next generation. It also inspired them to pursue their entrepreneurial journeys, as they continue to build impactful, sustainable solutions for the future.

We commend all the students for their dedication and ingenuity and are excited to see how their ideas evolve and contribute to the innovation landscape in the years to come.
